

For Sale: “Infusion” Meno-ease, (a natural cream for vaginal dryness)

I have worked with a local herbalist to make a cream designed specifically for my patients with vaginal dryness from hormonal changes or from local/specific allergies or vulvodynia. She grows and harvests most herbs and other ingredients are from quality natural sources.

This is a natural cream with phyto-oestrogenic and soothing properties to relieve dryness and irritation.

It is safe on use on intimate areas.

Meno-ease contains wild yam, comfrey, slippery elm, hoheria, vitamin E and feminine relief essential oil blend.

Cost: \$25.00 for 50ml jar.
